HELP – Graphical User Interface

Different elements of the Graphical User Interface are explained below:

- **Audio Play/Pause:** Click here to play/pause the sound. It is automatically disabled in video frames as video frames have their own video/audio controller.
- **Back Button:** Click here to go to the previous page.
- **Breadcrumb:** This shows the module title.
- **Next Button:** Click here to go to the next page.
- **Page Indicator:** This shows the current page number as well as the total number of pages.
- **Resources:** This section contains other useful reference documents for the module.
- **Sitemap:** Click here to access the sitemap of the module.

Resources Page

The Resources page contains links to additional information on the module as shown below:

- **Additional Information:** Click here to get additional information on the topics covered in the module.
- **Bibliography & References:** Click here to get a list of references.
- **Summary:** Click here to get a summary of the important concepts in the module.
- **Glossary:** Click here to get a glossary of important terms.
- **Help:** Click here for help on navigation features.

Note: Not all modules will have the same list for Resources.
