Module: Teachers' Expectations: Additional Information

No.	Contents:
1.	**Tip** Proof-read all the content on your presentation slides – check for spelling or grammatical errors.
2.	**Tip** If it becomes absolutely essential to provide more details to support your main points but you do not have enough time, supplement your presentation with a handout.
3.	**Tip** A poorly-presented speech reflects badly on you and your commitment to the project.
4.	**Tip** Check your appearance before your presentation.
5.	**Tip** Laser pointers are wonderful presentation devices, but remember not to point them at the audience.
6.	**Tip** Avoid using the mouse cursor on your slide as a pointer – your audience will end up watching the cursor instead of listening to you.
7.	**Tip** Besides giving yourself credit for your own work, remember to give others due credit as well.
